Re: Grant #1868

Dear Dr. Saghal:

Thank you for your letter of August 26, describing in more detail the Substance P and Neurokinin Symposium to be held in conjunction with the 30th International Symposium of Physiological Sciences at McGill University next July.

The agenda describes an interesting and ambitious conference, with many of the topics of interest to The Council. I am therefore pleased to tell you that we will be able to make a contribution of $1500.00 for support of the meeting. A check for that amount is enclosed with this letter. We request only that these funds not be used to pay for expenses incurred by participants from the industrial sector.

Sincerely,

Harmon C. McAllister
